

Research grant Competition

Hannah Dairy Research Foundation

The Hannah Dairy Research Foundation welcomes applications for funds to support dairy research in Scotland Following the success of the previous Small Grant Schemes, they have decided to launch another similar competition, the HDRF Small Grant Competition, which will provide funding of up to £27,500 in value, tenable for up to 24 months. Applicants are invited to apply for financial support to cover expenses arising from a defined dairy research project of timeliness and promise. Projects may concern the health and welfare of dairy animals and/or the socioeconomics of dairy production, processing, and marketing. Projects must be based in Scotland. Grants are tenable for between 1 and 24 months.

Eligibility

- Awards are open to postdoctoral scholars (or equivalent) who are ordinarily based at a Scottish research institution, or university or are jointly applying with such a body.
- Applications require the approval of the applicant's employing institution but are not limited to those of any particular status (e.g., Lecturer, Professor, etc.).
- Co-applicants may be from anywhere worldwide, but the Principal Applicant must be ordinarily based at a Scottish Institution.
- Post-graduate students are not eligible to apply.

Proposals should be submitted electronically by 23rd May 2025.
