

The Minor Foundation for Major Challenges

Minor Foundation for Major Challenges

The Minor Foundation for Major Challenges (MFMC) is a Norwegian foundation supporting communication projects that advance the transition to a low-carbon economy. MFMC supports projects that support urgent, large-scale transformation, with a focus on changing policies and practices in public or private institutions. The foundation will only consider applications that fall under its strategy.MFMC traditionally announces six calls for applications every year, in two different categories: large and small grants. In light of MFMC's Full Funding Strategy, the Board will review all applications against the following questions:

- Describe the systemic change you are seeking to create
- Why are you the right group or organisation to achieve this change?
- Why is your project needed at this exact moment?

Eligibility

- The Foundation supports advocates of climate change mitigation. The calls for applications are open to international applicants.
