

Conservation Grant

Paul M. Angell Family Foundation

The Paul M. Angell Family makes grants in three priority areas: Conservation, Performing Arts and Social Causes. The Foundation's Conservation Grantmaking focuses primarily on issues of ocean conservation. The Foundation is interested in; supporting the creation of Marine Protected Areas, Encouraging sustainable fisheries management, eliminating illegal, unreported, and unregulated fishing, conserving the world's shark and ray species, Limiting plastics pollution and other ocean debris, and Preserving coral species and ecosystems.

Eligibility

- Applicants must have a 501(c) (3) determination letter from the Internal Revenue Service
- Be designated as a public charity.
- International Conservation organizations are also eligible to apply.

LOIs are due July 10, 2025.
